Completion Notes

Do not use this form for Promotions, it may however be used to recommend companions who have not served as M.E.Z. or who have Provincial Rank from another Province or Metropolitan.

This form to be completed by Scribe E. (or P.Z.) of the Chapter, where the application has NOT been approved at Chapter Committee meeting, then it is requested that a second P.Z. review the information and confirm its accuracy.

A Companion becomes eligible for consideration for 1st appointment after a minimum of 3 years from Installation as M.E.Z. Note the qualifying time is relative to the normal month end of the Provincial Chapter i.e. 31st May. E.g. for appointments in 2021, he must have been installed before May 31st 2018.

Eligibility is not an entitlement to receive an appointment. The total number of appointments is limited and unsuccessful applications may be as a result of these limitations but does not preclude nomination the following or subsequent years.

Each submission will be judged on merit and take into account attendance and services rendered to the Companion's Chapter and/or Province to date and appointment is at the discretion of the Grand Superintendent.
